About Artlink

Artlink is aiming to make the arts in Edinburgh more accessible by working with venues to provide more opportunities for audience groups through information provision and tailored events. If you ever find that you need help to get to an Artlink event please get in touch. We will endeavour to help those who are not our registered clients as much as we can.

Arts Access

Artlink's Arts Access service supports people with a disability and an interest in the arts to attend events, performances and venues with a trained volunteer companion. You are eligible to join Arts Access if you have any requirements that make it more difficult for you to access the arts in Edinburgh and the Lothians. This could be because you have a physical disability, are a wheelchair user, have a learning disability, a sensory impairment or are elderly or are affected by mental health problems.

If you, or anyone you know, would like more information about the service or to request an application form please do not hesitate to get in touch. Due to high demand we have a waiting list.
